Registration

Players to register on the day of each event of the 2021 KZN PGA Championships. Face masks and social distancing are to be maintained.

Social Distancing & Wearing of masks

Although the sport of golf and thus the course itself provides suitable opportunity to ensure physical distancing, it is recognized that human nature is one of camaraderie and social interaction.

Players/caddies are however reminded that these National Ranked / WAGR tournaments take place under the auspices of Provincial Unions who are responsible for the implementation and monitoring of Risk Mitigation Guidelines and National Regulations and to assist with this, all attendees are required to comply with these requirements.

In this regard it is recommended that:

- Players be advised not to arrive at the venue too early (at most 1 hour prior to play)
- Practice areas are setup in accordance with the GolfRSA Risk Mitigation Guidelines relative to physical distancing and that Organising Committees ensure that the number of players on practice putting greens and other more contained spaces are limited to comply with physical distancing requirements.
- On the tee, only the match that is “next to play” will be permitted and subsequent groups (participants and caddies) must wait at a safe distance until it is their turn on the tee.
- If it is decided that the “Germ24” application will be done on the tee, it is a requirement that all players and caddies report to the tee for the product to be administered. (Caddies may not proceed down the fairway until this process has been completed)
- All players, staff and caddies arriving on site must wear masks. The masks must be worn at all times inside and around the Clubhouse and practice facilities, given the congregation of persons in these areas.
- Players and Caddies may remove masks on the golf course during their rounds, but if physical (social) distancing of at least 3 meters and in windy conditions (ie. >24km) at least 5m cannot be maintained on the course, players are advised to wear their masks.

Before and after the round, the player must wear his/her face mask when entering the clubhouse or score recording area and when unable to maintain physical distancing of more than 3m.

Before and after the round, caddies must wear masks when entering the facility and when unable to maintain physical distancing of more than 3m.

Flagsticks

Except for the Jean Duncan Taylor Mixed event, Flagsticks will be allowed to be removed in the tournament. • All pin flags and holes MUST be treated with the application of Zoono prior to the start of each round. This product must be re-applied daily prior to play (this application is to include the flagstick / flag and inside of the “cup”).

- ALL Players and Caddies must have the Germ24 product applied to their hands prior to the start of play (on the tee box prior to teeing off).

Bunkers

Food & Beverage

All players/ caddies and tournament staff are to comply with the Rules and Requirements related to the catering facility and areas (including lounge areas) within the clubhouse and club grounds. Although these facilities may cater for sit-down meals, it is recommended however that player and caddie food and beverages be purchased on take away basis only, in order to avoid the congregation of persons in the clubhouse.

All drinking fountains on the courses will be closed and players and caddies are advised to purchase their own bottled drinks and take enough with them on the course for hydration needs.

The disposal of litter / food and beverage containers must be disposed of in a safe and tidy manner which may require such items to be carried from the course by the player/caddie and disposed of at the club house.
